**PERMIT INVESTMENT IN ANOTHER EB-5 PROJECT  
AND SUPPORTING MEMORANDUM OF LAW**

Michael I. Goldberg (the “Receiver”), through undersigned counsel, hereby files this Motion for Authorization to (I) Redeploy Jay Peak Biomedical Research Park, L.P. Investor Funds and (II) to Amend ANC Biomedical Partnership Documents to Permit Investment in Another EB-5 Project (this “Motion”). In support of this Motion, the Receiver states as follows:

**PRELIMINARY STATEMENT**

Receivership Defendant, Jay Peak Biomedical Research Park, L.P. (the “AnC Partnership”) solicited funds from investors (the “Phase VII Investors”) under the federal EB-5 Immigrant Investor Program (“EB-5”) for what was purportedly going to be a biomedical research facility to be built in Newport, Vermont. As the Court is well aware, one of the important purposes of these investments was to create jobs to enable the Phase VII Investors to obtain permanent resident status (green card) pursuant to the federal EB-5 program. To that end, many Phase VII investors filed an I-526 petition with the United States Citizenship and Immigration Services (“USCIS”) seeking their conditional permanent residence. Many (but not all) of the Phase VII Investors’ I-526 petitions were approved, and many of the Phase VII Investors moved to the United States. Construction of the medical center was not completed. Without the necessary job-creating investment, the Phase VII Investors’ ability to obtain permanent resident status is jeopardized.

Last year, the Receiver settled claims against Raymond James & Associates, Inc. (“Raymond James”). Pursuant to that settlement (the “Raymond James Settlement”), the Receiver received \$67 million to repay the Phase VII Investors. The Receiver and his immigration counsel have developed a plan whereby it may be possible for Phase VII Investors with approved I-526 petitions who have already moved to the United States or adjusted their status in the United States (“CPR Investors”) to obtain their conditional green cards if the AnC Partnership “redeploys” the

CPR Investors' funds into a new EB-5 project that will create the required jobs for each CPR Investor.

It is believed that 83 Phase VII Investors meet such criteria and most of such Phase VII Investors have elected to leave their funds in the AnC Partnership pending approval of this Motion, and, subject to approval of the replacement EB-5 project described herein, have such funds redeployed into such project. To this end, the Receiver has located a replacement project, the One Wall Street Project (as further described below), which the Receiver believes has already created sufficient jobs for the CPR Investors who elect to redeploy their funds and will continue to create jobs pursuant to the guidelines of the EB-5 program and otherwise in accordance with the offering documents applicable to the One Wall Street Project. Through this Motion, the Receiver seeks authorization to redeploy the funds of the CPR Investors who elect to participate in the redeployment in the One Wall Street project.

### **BACKGROUND**

#### **A. Jay Peak Biomedical Research Park, L.P.**

1. On April 12, 2016, the Securities and Exchange Commission (the "SEC") filed a complaint [ECF No. 1] in the United States District Court for the Southern District of Florida (the "Court") against the Receivership Defendants,<sup>2</sup> the Relief Defendants,<sup>3</sup> William Stenger and Ariel Quiros, alleging that the Defendants violated the Securities Act of 1933 and the Securities

<sup>3</sup> Jay Construction Management, Inc., GSI of Dade County, Inc., North East Contract Services, Inc., and Q Burke Mountain Resort, LLC. Later, Q Burke Mountain Resort, Hotel and Conference Center, L.P. and Q Burke Mountain Resort GP Services, LLC were added as Additional Receivership Defendants. The Receivership Defendants, Relief Defendants, and Additional Receivership Defendants shall collectively be referred to as the "Receivership Entities."

Exchange Act of 1934 by making false or materially misleading representations to investors in connection with seven securities offerings.

2. The first six offerings were associated with construction and renovation at the Jay Peak ski resort and its accompanying facilities. A seventh offering, made by the AnC Partnership, solicited funds from investors for what was purportedly going to be a biomedical research facility in Newport, Vermont.

3. The AnC Partnership raised money from foreign investors pursuant to the EB-5 Immigrant Investor Program. Congress created the EB-5 Immigrant Investor Program in 1990 to provide prospective immigrants with the opportunity to become a permanent resident by investing in the United States economy and creating jobs for United States workers.

4. To qualify for an EB-5 visa, a foreign applicant must invest \$500,000 or \$1 million (depending on the place of investment) in a new commercial enterprise. Once he or she has invested, the foreign applicant may apply (an "I-526 Petition") for a conditional green card, which is valid for two years. If the investment creates or preserves at least ten jobs during those two years, among other requirements, the foreign applicant may apply (an "I-829 Petition") to have the conditions removed from his or her green card and live and work in the U.S. permanently.

5. As of the commencement of the Receivership, approximately \$5.5 million in construction had taken place on the biomedical research facility.

6. Pursuant to the Court's Order Granting Receiver's Motion to Authorize the Refund of Phase VII Investor Funds Held in Escrow [ECF No. 282], the Receiver has returned nearly all of the approximately \$17.8 million that had been escrowed (the "Escrow Funds") in one of the bank accounts frozen by the Court. The Receiver was able to confirm the Escrow Funds were held

on behalf of 36 of the Phase VII Investors.<sup>4</sup> In light of the fact that the biomedical research project will not be completed in a manner consistent with the underlying offering documents, the Receiver filed a motion with the Court seeking authority to refund the Escrow Funds in exchange for those investors fully assigning any claims they have against the Receivership Entities and third parties to the Receiver [ECF No. 268]. After notice and hearing, on February 9, 2017, the Court entered the Order Granting Receiver's Motion to Authorize the Refund of Phase VII Investor Funds Held in Escrow. Pursuant to the Order, the Court also rescinded the Escrow and Subscription Agreements of those 36 Phase VII Investors.<sup>5</sup>

**B. Return or Redeployment of Investor Funds**

7. After the Escrow Funds were distributed, 134 Phase VII Investors remained as limited partners in the AnC Partnership. The Final Order Approving Settlement Between Receiver, Interim Class Counsel, and Raymond James & Associates, Inc.; and (II) Barring, Restraining, and Enjoining Claims Against Raymond James & Associates, Inc. [ECF No. 353] earmarked \$67 million to provide refunds of all principal investments of the remaining Phase VII Investors (and allow each investor to retain a claim for the potential return of his or her administrative fees).

8. Upon return of a Phase VII Investor's investment, such Phase VII Investor would be free to use his or her funds as he or she chooses, including investing in another EB-5 project. However, those Phase VII Investors would need to re-start the application process and those CPR Investors currently living in the United States would likely face deportation. Due to the backlog in the review process and the uncertainty that the EB-5 program will continue in existence, if

<sup>4</sup> The 36 individuals include one individual (Yujian Ren) who did not execute any offering documents. However, the Receiver confirmed that Mr. Ren had deposited \$249,961 into the escrow account.

<sup>5</sup> Thus far, 35 individuals received refunds, including 34 Phase VII Investors who received a \$500,000 refund and Mr. Ren who received his \$249,961 refund. One investor has not requested his escrow refund.

forced to start the EB-5 application process from inception, any Phase VII Investor that elects to remove his or her funds will be set back many years and will face many uncertainties as to whether he or she will be eligible to participate in the EB-5 program.

9. Another potential alternative exists for the CPR Investors who have been approved as conditional residents (e.g. had their I-526 petition approved)<sup>6</sup> and have already relocated to the United States or adjusted status in the United States. Those CPR Investors' funds can be redeployed through the AnC Partnership to another qualifying EB-5 project for the remainder of the two year period required by the USCIS. In order to maintain an EB-5 investor's place in line (i.e. that date upon which such EB-5 investor filed his or her I-526 petition), such EB-5 investors' funds must be transferred directly from the AnC Partnership to a new project.

10. The I-526 petitions have been approved for 83 of the Phase VII investors. The Receiver has contacted those Phase VII Investors and informed them of the option to redeploy their principal investment. Fourteen Phase VII Investors have requested and received payment from the Raymond James Settlement. Seventeen Phase VII Investors have not responded to the Receiver's correspondence. The remaining 52 Phase VII Investors have signed a Consent to Escrow Funds reflecting their agreement to having the Receiver hold their principal investment in escrow pending further direction to have their funds redeployed into another EB-5 project or refunded. Since their funds are coming from the Raymond James Settlement, the Phase VII Investors who formally agree to redeployment will be required, among other things, to sign the Release in favor of Raymond James, the Receiver and the receivership estate in the form of the

<sup>6</sup> Out of the 134 Phase VII Investors, there are 51 who do not have their I-526 petitions approved. Thus far, 47 of whom have requested and received refunds from the Raymond James Settlement (another four investors have not responded).

Phase VII Investor Release attached to the motion to approve the Raymond James Settlement. See Exhibit E to ECF No. 315.

11. Although the Receiver had originally planned to allow each CPR Investor to choose his or her own project to redeploy his or her investment, after consultation with his or her counsel, the Receiver has determined that redeployment into multiple projects is not feasible. Vermont law (pursuant to which the AnC Partnership was created) only permits a single series of partners.<sup>7</sup>

12. The Receiver has researched potential EB-5 projects currently raising capital that qualify for the EB-5 program, which have received exemplar approval from USCIS. The Receiver has located a qualifying EB-5 project that, based on the review of certain economic reports, has already created sufficient jobs to cover the CPR Investors and which is expected to continue to create sufficient jobs to cover all EB-5 investors in such project. This project, which is described in more detail below, is the redevelopment of a very large residential and retail building located at One Wall Street in New York City (the "One Wall Street Project"). Although the Receiver believes the economics of the project are good, the Receiver makes no assurances whatsoever that the One Wall Street Project will ultimately be successful or that CPR Investors who agree to have their investment in the AnC Partnership redeployed into the One Wall Street Project will ultimately receive approval of their I-829 Petitions.

13. Each CPR Investor will be responsible for conducting his or her own, independent due diligence on the One Wall Street Project. To that end, the Receiver will provide the CPR Investors with a full due diligence package. A drop box will be set up with all of the diligence files for the CPR Investors to review and make their own decisions in conjunction with their

---

<sup>7</sup> The Receiver also explored the possibility of reconstituting the AnC Partnership under the laws of a different state, which permits multiple series of partners, but determined that such a process was risky and could jeopardize the continued existence of the AnC Partnership, which is a necessary requirement.

applicable advisors. The Receiver will also schedule a webinar for the issuer of the securities for investing in the One Wall Street Project to answer the CPR Investors' questions.

14. The Receiver expects that each of the CPR Investors, with the assistance of his or her own counsel and other advisors, will conduct his or her own analysis of the strengths and weaknesses of the One Wall Street Project. Any CPR Investor who elects to have his or her funds redeployed in the One Wall Street Project must do so solely in conjunction with the offering documents applicable to the One Wall Street Project and not with respect to any other documents, materials, or statements (whether written or oral) of any kind or nature whatsoever including, without limitation, this Motion.

15. The Receiver does not guarantee that this redeployment plan or the One Wall Street Project will satisfy the USCIS requirements, or that all or a portion of the CPR Investors' money will ultimately be returned to those CPR Investors who decide to redeploy their investment. It is ultimately the CPR Investors' sole decision whether to keep their money in the AnC Partnership so that it can be redeployed into the One Wall Street Project or request the Receiver to immediately return their \$500,000 investment. After the funds are redeployed, the Receiver's involvement in the AnC Partnership will end.<sup>8</sup>

### **C. The One Wall Street Project**

16. On September 9, 2015, Live in America – New York Regional Center LLC (the “Regional Center”)<sup>9</sup> filed an I-924 application with the USCIS to amend its regional center

---

<sup>8</sup> However, the Receiver shall retain all claims, causes of action and any other assets owned by the AnC Partnership other than its investment in the One Wall Street Project.

<sup>9</sup> The Project is sponsored for purposes of the EB-5 program by Live in America - New York Regional Center LLC, which is 100% owned by Live in America Financial Services LLC (“Live in America”), which is ultimately owned and controlled by The LCP Group, L.P. (“LCP”), a real estate investment firm that has been investing in and managing major real estate properties since 1974. In 1993, LCP's single tenant leased assets were spun off into a NYSE listed REIT, which trades today as Lexington Realty Trust (NYSE: LXP), which maintains approximately \$5 billion in assets and a \$2.5 billion market capitalization. To date, with a 100% approval rate, Live in America has successfully

designation in order to include a new commercial enterprise as an approved regional center project. The Regional Center subsequently received approval from USCIS to include a mixed-use condominium development in lower Manhattan, known as the One Wall Street Project.

17. The One Wall Street Project is a 1.1 million square foot former office building being converted into a mixed-use project containing 687,993 net square feet of for-sale condominiums (566 units) and 172,331 square feet of retail space.

18. The building is a 50-story Art Deco skyscraper that occupies an entire block at the corner of Broadway and Wall Street, next door to the New York Stock Exchange. The exterior of the building was designated as a New York City landmark and is an internationally recognizable location.

19. Construction of the One Wall Street Project commenced in November 2015, and is anticipated to be completed in phases through 2021. Current construction activities to date have focused on structural demolition and infrastructure renovation.

20. As of October 31, 2017, members of the entity that owns the real property comprising the One Wall Street Project (the "Fee Owner") have contributed approximately \$394 million in total equity proceeds, including approximately \$120 million in hard construction costs. The Fee Owner executed a senior construction loan term sheet with J.P. Morgan Chase N.A. on August 22, 2017. LCP One Wall Street LLC is the EB-5 investment vehicle (the "One Wall Street Project Issuer"), which, as of November 30, 2017, has raised \$186,500,000 through capital contributions from 373 EB-5 investors. The One Wall Street Project Issuer is authorized to accept approximately 175 additional EB-5 investors, for a total raise of up to \$274,000,000, which amount is intended to be invested into the One Wall Street Project as a mezzanine loan (the "EB-5 Loan").

---

structured over a dozen EB-5 projects with a total investment (including sponsor equity and other financing) of more than \$4 billion and have helped over 800 foreign investors begin their path to permanent residency.

21. The One Wall Street Project is forecast to result in the creation of 6,409 new jobs (approximately 12 jobs per investor based on the maximum 548 investors, which is well above the requirement of 10 jobs per investor). The One Wall Street Project Issuer recently commissioned Barnhart Economic Services, LLC (“BES”) to calculate the employment (job creation) impacts from construction expenditures at the Project through October 31, 2017. BES estimated that 1,416 jobs had already been created as of that date. Pursuant to the One Wall Street Project Issuer’s organizational documents, jobs are allocated to EB-5 investors based the date the investor obtains conditional resident status. None of the current EB-5 investors in the One Wall Street Project Issuer have obtained such status. Thus, it is anticipated, but not guaranteed, that those CPR Investors who elect to redeploy their funds who necessarily have already had their I-526 petitions approved and obtained conditional resident status will be in an excellent position with respect to job creation.

22. Note, however, that no jobs can be allocated to any CPR Investor until the AnC Partnership’s funds (together with other investor finds raised by the One Wall Street Project Issuer) are actually invested into the One Wall Street Project, which will not occur until the senior construction financing is closed and the other funding conditions for the EB-5 Loan are satisfied. While anticipated to occur by the end of Q1 2018, there is no guaranty that such closing will actually occur on or prior to such date.

**D. Amendment to Partnership Documents**

23. The AnC Partnership’s offering documents include that certain Limited Partnership Agreement dated November 30, 2012 (the “AnC Partnership Agreement”).

24. Section 15.01 of the AnC Partnership Agreement provides that “in addition to amendments otherwise authorized in this Agreement, this Agreement may be amended in any

respect from time to time by the General Partner without written approval or consent of Limited Partners including but not limited to surrender any right or power given to it by the Agreement.”

25. The Receiver seeks authority to amend the AnC Partnership Agreement to permit the AnC Partnership to invest in the One Wall Street Project. The draft proposed First Amendment (the “First Amendment”) to the AnC Partnership Agreement is attached hereto as Exhibit “A”. Upon his signing the First Amendment, LIA Jay Peak GP LLC (“Replacement GP”) or a related entity associated with the One Wall Street Project Issuer, will replace the Receiver as the general partner of the AnC Partnership. Thereafter, the AnC Partnership will be removed from receivership; however, the Receiver shall retain all claims, causes of action and any other assets owned by the AnC Partnership other than its investment in the One Wall Street Project.

26. As a material inducement for the One Wall Street Project Issuer agreeing to accept the AnC Partnership as an investor and the Replacement GP agreeing to the appointment by the Court as the successor general partner of the AnC Partnership, the Receiver respectfully requests that the Court confirm pursuant to this Motion that neither the Replacement GP (nor any of its affiliates, members, partners, shareholders, agents, successors, assigns, beneficiaries, employees, or representatives, or the affiliates of any of the foregoing, whether direct or indirect (together with the Replacement GP, collectively, the “Replacement GP Parties”) shall have any liability of any kind or nature whatsoever with respect to the actions, omissions, conduct, failure to act, or other decisions of any kind or nature whatsoever made by or on behalf of the prior general partner, AnC BIO Vermont GP Services, LLC (or any of its affiliates, members, partners, shareholders, agents, successors, assigns, beneficiaries, employees, representatives or affiliates of any of the foregoing, whether direct or indirect) and no claims may be brought against the Replacement GP Parties as a result thereof).

**Memorandum of Law**

A district court has broad powers and wide discretion to determine relief in an equity receivership. *SEC v. Elliott*, 953 F.2d 1560, 1566 (11th Cir. 1992). The Receiver and his immigration counsel have developed a plan whereby it may be possible for CPR Investors with approved I-526 petitions who have already moved to the United States or adjusted status to obtain their green card if the AnC Partnership “redeploys” their funds into a new EB-5 project. Such redeployment may satisfy applicable EB-5 regulations and allow the CPR Investors to maintain their current status and remove conditions on their green cards—provided that the new EB-5 project creates the requisite number of jobs and the other requirements for the removal of conditions are met. The Receiver has selected a replacement project, which the Receiver believes has sufficient job creation potential for the CPR Investors who elect to redeploy their funds. The Receiver believes it is in the best interest of the CPR Investors for the Court to approve this motion and provide the Phase VII Investors with the opportunity to have their investment redeployed. Accordingly, the Receiver strongly believes that the Court should approve this motion.

**WHEREFORE**, the Receiver respectfully requests the Court to enter an Order authorizing the Receiver to (i) redeploy Jay Peak Biomedical Research Park, L.P. investor funds; (ii) amend the AnC Biomedical partnership documents to permit investment into another EB-5 project; and (iii) to grant such further relief as is just and proper.

**LOCAL RULE 7.1 CERTIFICATION OF COUNSEL**

Pursuant to Local Rule 7.1, undersigned counsel hereby certifies that he has conferred with counsel for the Securities and Exchange Commission, who has no objection to this Motion or the relief requested in this Motion; and counsel for Ariel Quiros and William Stenger, who take no

position on the Motion.

FIRST AMENDMENT TO LIMITED PARTNERSHIP AGREEMENT

---

Dated as of [•], 2018

**FIRST AMENDMENT TO LIMITED PARTNERSHIP AGREEMENT OF  
JAY PEAK BIOMEDICAL RESEARCH PARK L.P.**

This First Amendment (this "First Amendment") dated as of [•], 2018 (the "Effective Date") to the Limited Partnership Agreement of Jay Peak Biomedical Research Park L.P., a Vermont limited partnership (the "Partnership") dated as of July 27, 2015 (as amended by this First Amendment and as the same may hereafter be amended, amended and restated, supplemented or modified in any manner from time to time, the "Original Agreement"), is adopted, executed and agreed to, for good and valuable consideration, by the undersigned in his capacity as the Court Appointed Receiver of the Partnership (the "Receiver"), and on behalf of the limited partners of the Partnership (the "Limited Partners"). Capitalized terms used herein without definition shall have the meanings specified in Section 1.01 of the Original Agreement.

**WITNESSETH:**

**WHEREAS**, the Partnership was formed as a Vermont limited partnership pursuant to and in accordance with the Vermont Uniform Limited Partnership Act, as amended from time to time (11 V.S.A. ch. 23, et seq.) (the "Act") by the filing of a Certificate of Limited Partnership with the Secretary of State of the State of Vermont on August 21, 2012;

**WHEREAS**, the Partnership has been placed in receivership pursuant to that certain action styled as Securities and Exchange Commission, as Plaintiff, vs. Ariel Quiros and William Stenger, et al., as Defendants, United States District Court, Southern District of Florida (the "Court"), Case No.: 16-CV-21301;

**WHEREAS**, the Limited Partners are immigrant investors that made Capital Contributions to the Partnership in connection with their participation in the employment based fifth preference visa program (the "EB-5 Program") with the goal of obtaining certain immigration benefits in connection therewith;

**WHEREAS**, in connection with the failure of the initial General Partner to satisfy the job creation requirements of the EB-5 Program necessary to permit the Limited Partners to obtain such immigration benefits under the EB-5 Program, the Receiver has identified the One Wall Street Project (as more particularly described below, the "Project") as a redeployment investment for the Partnership to provide the Limited Partners the opportunity to receive the originally contemplated immigration benefits under the EB-5 Program (to the extent any Limited Partner actually elects to remain invested in the Partnership and thereby make its Capital Contribution available for investment in the Project (the "Redeployment Investment"));

**WHEREAS**, the Managing Member has determined that the Original Agreement must be amended in order to make it possible for the Partnership to become a non-managing member of LCP One Wall Street LLC, a Delaware limited liability company (the "One Wall Street Project Entity") and thereby have the ability to make the Redeployment Investment by investing the Limited Partners' aggregated Capital Contributions into the One Wall Street Project Entity for further investment into the Project in accordance with the terms and provisions of the EB-5 Program.
