American Corporate Services, Inc. - Your U.S. Source for Corporate Services

Different businesses operate following different models. Different countries treat businesses and business entities differently. Therefore, establishing a new business in a foreign country or expanding an existing business to a new market in a foreign country should be done with wisdom and great care.

American Corporate Services, Inc. (ACS) has the wisdom of experience and expertise and an approach where we care about our clients as if they were family. As far as ACS is concerned, our clients are our family.

The range of our corporate services is broad. It goes far beyond finding the best tax havens and places to locate. It includes:·

- New Company registration in every USA State and offshore.·

- Registration with Internal Revenue Services (IRS) and establishing of Tax ID Number.· USA and Offshore Bank Account.·

- Performing day-to-day operations from a virtual office – Bookkeeping, Accounting, Taxes, Management, and Legal Support.·

- Providing all of the required Nominee Directors, Managers, and Shareholders or Members for such entities.·

- Protecting your proprietary information at all times.

The virtual office that ACS establishes is exclusively yours, complete with dedicated addresses and phone numbers. ACS is capable of handling everything from normal secretarial tasks to operating every phase of a client's business, including bookkeeping, accounting, tax preparation, and complete legal support.

Select just one service, a combination of our services, or all of them. Regardless of your business needs – great or small – you get our dedicated attention to every detail.
